

# *Kyngs Golf & Country Club*

## *Market Bosworth*

### *Leicestershire's Newest Course*

Situated in the historic market town of Market Bosworth Nick Leatherland is nearing completion of this wonderful project. Kyngs Golf and Country Club is now open for the public to go and enjoy preview golf. With 9 holes ready to play on the main course and a 9 hole par 3 course available as well. The course is not the finished article yet but boy does this place have bags of potential. Course construction started in 2003 and is scheduled to be fully open early in 2011, The golf course has been designed by ex PGA professional Nick Leatherland. Using his vast experience and knowledge of the golf industry and modern techniques of golf course development. Facilities will include a par 70, 6730yrd 18 hole golf course along with one full length practice hole and of course the 9 hole par 3 course.

View from the Par 3 Course.

1st Green at Market Bosworth Golf Club

The 9 holes on the main course currently open for preview golf offer a fair test of your golfing ability. I was surprised at how well the course was bedding in especially considering it's age, and although it is not yet the finished article and is still very much in the growing stage you really can see that this course is going to offer a real good test to all golfers in years to come. The par 3 course too is a great addition to any golfing facility and really is somewhere you can go and sharpen up your short game. With 9 holes available varying in distances from 90 to 120 yards. This is an ideal place to go and test your short game.
