

General view of the course

Looking down the Fairway to the 7th Green

View of the Par 3 Course

So what should you expect from preview golf at Kyngs Golf and Country Club? You will get a warm and friendly welcome from Nick and the team and you will also get the opportunity to have a look at Leicestershire's newest golf course and more importantly the opportunity to go and play it. The course is not finished yet it is still in the growing phase so please do not expect anymore than that. But if like me you like to go and play other courses around the county then pay this place a visit sometime I think you will enjoy it.
