

## Custom Fitting with Golfstores @ Ullesthorpe Golf Club

Golfstores @ Ullesthorpe Golf Club is the flagship store of a business that has continued to grow in tough economic times. With various shops around the UK, Golfstores are planning to continue growth throughout the Midlands, adding new shops to their portfolio and improving facilities within current locations.

As one of the premier golf shops in the area, **Golfstores @ Ullesthorpe Golf Club** brings you all the top names in the business. With all the latest equipment and clothing from brands such as Ping, TaylorMade, Callaway, Mizuno, Galvin Green, Under Armour and Lyle & Scott, they aim to give you the widest possible choice with an unbeatable service. Promising a price match guarantee and free custom fitting service with any purchase, it is a great place to start improving your game.

Selling a huge variety of irons and woods, a great importance is placed on the custom fitting service they provide, to ensure the customer gets the best clubs for their individual needs. Custom fitting is available to non-members as well as club members and gives you a chance to see the new Kudu FlightScope in action!

FlightScope®, the world's first-ever 3D Doppler tracking golf radar, is a state-of-the-art radar, which is used for ball-flight and club monitoring. As well as tracking the ball for the entire trajectory in 3D, it also tracks the club movement in 3D without having to put any sensors onto the club. It measures your club speed, and the angle of attack in both vertical and horizontal directions, helping to recommend the ideal launch conditions for your swing.

It measures your club speed, and the angle of attack in both vertical and horizontal directions, helping to recommend the ideal launch conditions for your swing.

A custom fitting session with one of their professional staff involves an initial consultation prior to trying suitable clubs. As well as having fitting equipment for Callaway, TaylorMade, and Ping, Golfstores @ Ullesthorpe is also a fitting centre for Mizuno so you could be spoiled for choice! They can also check distances on all of your current clubs to see how you can benefit from having the right equipment in your bag.

Over the Winter, Golfstores will be holding a number of custom fitting nights at Bramcote Driving Range to help you get the right equipment ready for the 2011 season. Starting on Thursday 2nd December, these nights will give you a chance to try the latest equipment.

Golf lessons are available with Golfstores PGA Professionals Andy Smith and Kieran Thomas at various locations and driving ranges around the county, catering for both groups and individual golfers. This winter could be the perfect time to improve your swing! Maybe you know someone who would like a lesson, if so, why not buy them a lesson voucher for Christmas!

To book onto a custom fitting night at Bramcote Driving range or to book a lesson please call 01455 209150.

Look for the special deals advertised on the back page of this and the following issue!
